

DIY Tool: Poster

Example

Whatever you give, We'll give too.

Donate to charity pre-tax through the Hindmarsh Hearts@work workplace giving program and dollar for dollar, whatever you give, we'll match it.

Sign up before 30 September 2011 and Hindmarsh will double-match your first donation! PLUS, you'll go in the draw to WIN 1 of 4 \$250 Myer vouchers.

No matter how big or how small, every dollar counts.
Giving together we can achieve so much more.

HELPING HANDS MEMO

ISSUE 5

THIS MONTH'S FOCUS CHARITY

MEDECINS SANS FRONTIERES
DOCTORS WITHOUT BORDERS

THANK YOU "HELPING HANDS" FOR HELPING US HELP OTHERS

To ensure funds are spent where they are needed most, Médecins Sans Frontières Australia does not accept funds with strings attached. We rely on our committed donors like you who enable us to remain independent and able to treat the world's most vulnerable people – regardless of who or where they are.

WHO WE ARE

Médecins Sans Frontières is an international, independent, medical humanitarian organisation that delivers emergency aid to people affected by armed conflict, epidemics, natural disasters and exclusion from healthcare. Médecins Sans Frontières offers assistance to people based on need, irrespective of race, religion, gender or political affiliation.

We offer basic healthcare, perform surgeries, fight epidemics, rehabilitate and run hospitals and clinics, carry out vaccination campaigns, operate nutrition centres and provide mental healthcare.

We have doctors, nurses, midwives, mental health specialists, pharmacists, epidemiologists, logisticians, and finance and HR people to help us do our work.

THERE IS ALWAYS A LOT GOING ON AT MEDECINS SANS FRONTIERES

HOW YOUR GIFT HELPS US HELP OTHERS

\$25 helps to treat 5 children with severe malaria

\$30 provides Kangaroo Care training and materials to 2 new mothers to help care for their premature babies

\$35 helps to provide 2 Safe Delivery Kits to assist women through a safe and sterile childbirth

\$40 helps to provide 10 jerry cans to ensure access to safe drinking water.

\$50 helps to provide 1,600 syringes to complete the vaccination process

In December 2014, MSF rapid response Team intervened on a remote Ebola outbreak in Quewein, Grand Bassa County, Liberia. Rapid response teams are employed across the affected countries to quickly identify, investigate and follow new cases and contacts, as well as quickly setting up isolation units within existing health structures.
